To Whom It May Concern:

I have worked extensively with Ms. September Brod as we have developed a productive working relationship between the Pueblo of Isleta and the U.S. Army Corp of Engineers. Although, I have only worked with Ms. Brod for the past two years - she has served as a liaison for the Pueblo for the past six years.

In the last two years. I have found Ms. Brod to be one of the most efficient, cooperative, and dedicated individuals I have yet to encounter. She is a team-player - her motivation, ambition, and enthusiasm continue to encourage the Pueblo to pursue endeavors otherwise unthought-of. Ms. Brod is an exemplary example of dedication to all worthy endeavors and she will not succumb until all tasks and goals are seen to excellent completion.

Beyond all of Ms. Brod's superb qualities and work ethic; she possesses an impeccable character which contributes to all of the above. Above all, the Pueblo of Isleta is fortunate to have her as our liaison - without her, many of our major projects would not be reality and on there way to completion.

I have no doubt that Ms. Brod will succeed at anything she endeavors or attempts. Therefore it is without reservation that I confidently write on her behalf.
